

Dear Sir/Ma'am,

Greetings!

We are pleased to present to you the following services we offer. As discussed, we would like to extend our interest with you or with your company and formally seal our partnership. As we believe our products and services will be able to contribute effectively to your strategic network development, better market penetration and improve total customer satisfaction.

I. SERVICES OFFERED:

1. **Remittance Local and International**

a. **Sending (Send-in)**

This service allows local and international remitters/clients of Unified to send money using the GPRS system through our different partners.

b. **Receiving (Pay-out)**

The connection of the Unified system with the Corporate Partners allows **various** options for recipients to claim them.

International – Recipients may claim at any Unified and partner outlet by presenting the corresponding reference number and complying with the validation requirements.

Loading

This allows real-time top-up of electronic wallets to support online games, Internet providers and major telecommunications in the Philippines – GLOBE, SMART and SUN.

3. Ticketing (Domestic and International)

This service integrates major domestic and international airline and shipping companies, even hotel accommodations, to allow travelers ease in schedule selection, booking, purchasing and securing tickets.

4. Bills Payment

Payments for a range of billing partners, through its partnership with Unified, provide additional payment venues to clients/subscribers of water utilities, power companies, insurance providers, credit cards, telecommunication bills and even cable companies.

5. Insurance

This service provides personal accident insurance to community members. Each insured is entitling to receive a specific amount for the death/or Disablement as a result of a covered accident.

6. Travel and Tours

This service provides a complete package with hotel accommodations, to allow travelers ease in schedule selection, booking, purchasing and securing tickets.
